BCU Awarding is a division of British Canoeing; the National Governing Body for Canoeing in the UK. Proceeds go directly back into the development and advancement of paddlesport coaching!

The British Canoeing Coaching Pathway

The British Canoeing Coaching Pathway is made up of four levels. These levels reflect the experience and expertise of the coach.

British Canoeing Level 1 - The Level 1 award is for those new to paddlesport coaching. The qualification is not discipline specific and therefore suitable to coaches who wish to work with paddlers from any of the competitive and non-competitive paddlesport disciplines. The Level 1 Coach can plan, deliver and review short coaching sessions, normally with the support of a more qualified coach. They can work with paddlers at any stage of development; receiving specific training to coach paddlers in their first year of activity and to run taster sessions.

The **British Canoeing Level 2** Coach is able to plan, deliver and review a series of six progressive sessions safely and effectively. Like the Level 1, this non-discipline-specific award is relevant to coaches who wish to coach any paddlesport discipline. Level 2 Coaches will work with paddlers predominantly in their first 3 years of paddling activity. The Level 2 Coach is able to offer guidance and support to the Level 1 Coach.

The British Canoeing Coaching Pathway is structured so that coaches can access training and become qualified in a variety of different paddlesport disciplines. This range of awards helps us to ensure that coaching excellence is available to participants whichever discipline they feel inspired to get involved in.

A **British Canoeing Level 3** Coach is a discipline specialist Coach who is able to plan, implement, and analyse long-term development programmes. This is an appropriate level of coach for a person to be in charge of paddlesport activities in a club / centre or as a working professional. From Level 3 onwards, coaches will specialise in one or more of the disciplines or environments listed below.

- Sprint *
- Marathon *
- Slalom *
- Wild Water Racing *
- White Water Kayak
- Sea
- Surf
- Open Canoe
- Touring
- Polo *
- Freestyle *

* Bank-Based and Boat-Based options are available in these disciplines.

The **Level 4** award is under development.

1. The British Canoeing Level 3 Certificate in Coaching Paddlesport

A British Canoeing Level 3 Coach is trained and assessed to plan, deliver, and review long-term coaching programmes in their specialist discipline, where they are likely to have responsibilities for participants' development for up to a year.

The British Canoeing Level 3 Certificate in Paddlesport Coaching Award is relevant to potential coaches from all paddlesport disciplines including coaches who might work with competitive and non-competitive paddlers. The award develops the foundation coaching skills taught at Level 2 that will underpin future coaching behaviours and practice.

Unlike the Level 1 and 2 awards, the British Canoeing Level 3 award is a discipline specific award and is relevant to coaches who wish to coach in specialist areas of paddlesport.

British Canoeing Level 3 coaches will work with paddlers predominantly in the Long Term Paddler Development Train to Train, Train to Perform, and Recreational Phases (i.e. in their intermediate years of paddling activity). The British Canoeing Level 3 coach is able to offer guidance and support to the Level 1 and Level 2 Coaches, and is able to work alone delivering sessions safely and effectively.

7. British Canoeing Level 3 Assessment

Introduction

The Assessment is in two parts:

1. **Candidate Assessment Portfolio** - Candidates are required to complete an Assessment Portfolio; this contains 6 assessment tasks that are completed by the candidate between completion of the Discipline Specific Training, and the final Assessment Day
2. **The Final Assessment Day** – this includes 3 direct/practical assessment tasks

Part 1 - Candidate Assessment Portfolio

(Independent tasks completed prior to the assessment day)

The Candidate Assessment Portfolio contains Assessment Tasks 1 – 6, these provide evidence required to apply for the Final Assessment Day and Certification. The completed portfolio must be sent to the Final Assessment Day Course Director, prior to the final Assessment.

The Assessment Portfolio contains the following six tasks;

- Assessment Task 1 Indirect Assessment of Coaching Skills
- Assessment Task 2 Associated Logged Experience
- Assessment Task 3 Syllabus Understanding
- Assessment Task 4 Mentored Coaching Review
- Assessment Task 5 Mentoring Others
- Assessment Task 6 Critical Analysis Questions

Candidates Portfolio review will take place prior to the final assessment day with the assessor either collecting it in the week before or by meeting with candidates the evening before.

Part 2 - The Final Assessment Day

The Final Assessment Day includes the following three tasks;

- Assessment Task 7 Direct Coaching Assessment
(Incorporating safety management and leadership)
- Assessment Task 8 Questioning
- Assessment Task 9 Personal Skills (boat-based candidates only)

Assessment Task 7 involves an assessor observing a minimum of two coaching sessions each including at least 60-90 minutes of actual coaching. Sessions should be linked by student needs with more focused delivery observed in the second session. The coaching sessions will involve candidates working with a minimum of two students, the ability to individualise coaching with more than one student being assessed as part of the process. Assessments can take place in any suitable environment. Candidates can coach either long-term or unknown students. The Assessment Director will communicate the format of the assessment prior to the course. Candidates should receive feedback in-between the two practical sessions.

Successful Completion/Incomplete Assessment Tasks

If at the end of the final assessment day any aspect of the candidate's portfolio is deemed to be incomplete or if they have not successfully completed all elements of the assessment tasks, the outcome will be deferred in order that candidates may be able to either re-submit their portfolio or re-sit the final assessment day tasks as required. In either instance this would need to be completed within 12 months of the assessment day.

If after this period candidates have still not completed all elements required for certification they will be required to present themselves for a new assessment day and re-submit the portfolio assessment tasks. If on this second assessment they remain unsuccessful in any part of the assessment they will be required to go

back to re-take the British Canoeing Level 3 Discipline Specific training prior to presenting for a new assessment. In no circumstances can certification be granted 4 years after Level 3 Discipline Specific Training.

Candidates initial Assessment Director or another Level 3 Assessment Directors may provide these reassessment opportunities. Candidates should be aware that the Assessment Director is likely to charge an additional fee for conducting reassessments.

Assessment courses will be advertised by the Home Nations, Assessment Directors, or alternatively candidates can arrange an individual assessment via their Home Nation. 8. Certification

When candidates have completed all of the required elements, their paperwork will be forwarded to BCU Awarding Body for approval and certification.

9. Supporting Policies

Appeals

If a candidate thinks an assessment decision was incorrect they have the right to appeal via their Home Nation Association. (A fee may be charged for a formal appeal; it will be refunded if the appeal is successful). If the appeal cannot be resolved within the Home Nation Association, BCU Awarding Body will set up an appeals sub-committee to investigate the appeal initially through reviewing records and discussion with the candidate and with their assessors. Candidates should address queries, or register their intention to appeal, with their Home Nation Association, within 30 days of receiving the assessment decision. Extensions to this period will only be made for exceptional reasons, for instance if you are outside the UK or the Home Nation Association has not followed candidate's instructions regarding contact details.

Complaints

In the unlikely event that a candidate has a complaint about the way their Training/Assessment Director or Tutors/Assessors treated them, or the way the course was conducted please direct them to the relevant Home Nation Association.

10. When you’re qualified ...

We encourage you to look to continue to develop your learning and knowledge of the sport. Continual Professional Development (CPD) opportunities are available through the British Canoeing programme, or you can access alternative coaching related courses. Or, if you hold the Bank-Based award you may wish to switch to a Boat-Based Coach.

If as a British Canoeing Level 3 Bank-Based coach, you would like to qualify as a Boat-Based British Canoeing Level 3 coach you will firstly need to register as a Boat-based Coach. As part of this process you will need to provide evidence of holding the relevant prerequisites and then need to complete Assessment Task 7 (Direct Coaching Assessment), Assessment Task 9 (Personal Skills). These assessment elements must be completed with a registered British Canoeing Level 3 Assessment Director. (There is no benefit in switching from a Boat-to Bank-Based Award, as the Boat-Based remit also covers coaches to work from the shore).

11. Keeping your Qualification Valid

With sport and sports coaching receiving an increasingly public profile with moral, ethical, and social commitments, it is important that we can account for and verify the status of all Coaches within the scheme. The Home Nation Associations offer a Coach Update scheme to provide assurance to the people you coach and your deployer that you are ‘qualified’ to coach. In order to keep your qualification valid you will need to meet the Coach Update requirements of your Home Nation. For more details check out your Home Nation websites.

12. Quality Assurance

- British Canoeing
- Canoe Association of Northern Ireland
- Canoe Wales
- Scottish Canoe Association

The Delivery Centres each operate a process of internal verification to ensure that appropriate standards are maintained and that consistency is achieved both in terms of delivery and outcome.

13. What Next?

If you have yet to find a course and book a place then this is the next step!!
