

## Surf Kayak Leader Syllabus

### Aim

Successful performance at this level indicates that the candidate has sufficient personal skills and the ability to manage a group of surf paddlers and to judge the conditions and the standard of the group and make appropriate decisions. The emphasis is on the application of skills in a surf environment, requiring the paddler to perform appropriate and effective manoeuvres in moderate surf. The British Canoeing Surf Kayak Leader is assessed managing a group of paddlers with a ratio of 1 to 6 in Moderate Surf environments.

The British Canoeing Surf Kayak Leader Award is a leadership award and not a coaching award.

Following assessment British Canoeing Surf Kayak Leaders must have in place civil liability insurance (included in comprehensive Home Nation membership), knowledge of Child Protection guidelines and good practice including checks where necessary and maintain evidence of currency.

### Moderate Surf Definition

Area: Sections of sandy beaches free from significant hazard (e.g. rocks and strong rips) and with easy access.

Character: Gentle, sloping and spilling waves, preferably peeling. Not pitching or dumping.

Height: Wave height should be no more than double overhead when seated in a kayak in the trough of the wave (head high for a stand up surfer).

### Training and Assessment Courses

To achieve British Canoeing Surf Kayak Leader candidates are required to attend British Canoeing Surf Kayak Leader Training. This involves at least 2 days of formal training in personal skills, leadership, and safety and rescue. Training is valid for 3 years, during this time, and upon completion of the assessment prerequisites, candidates can then put themselves forward for assessment. Assessments are normally run over 2 days.
