Safety :

*Buoyancy aids are compulsory for all lightning and mini course paddlers, Divs 7, 8 & 9. They are discretionary for other paddlers although **all** paddlers are advised to wear them. In adverse weather conditions the race organiser may require all paddlers to wear them.*

All boats must be fitted with sufficient buoyancy to support the boat and crew in the event of a capsiz. Inherent buoyancy in composite boats is not sufficient to meet this requirement. Additional foam buoyancy or air bags must be fitted.

The loch may be in use by other members at this time. Paddlers must take care and be respectful of other users. Detailed advice will be provided in the briefing.
